A SCHOOL RIDE LLC

WHO WE ARE

A School Ride LLC was born in August 2009, from our need to transport our daughter to and from BASIS *Scottsdale*. Driving Kristen to and from school, 20 miles away, twice daily, was not an option for two working professionals.

While carpooling was a possibility, our primary concern was liability insurance in case of an accident. Knowing that most non-commercial drivers carry close to the statutory minimum insurance coverage for their vehicles, we were unwilling to risk a worst case scenario of an accident while carpooling to school with 2-3 other students.

We formed the LLC, purchased a minivan and commercial auto liability insurance, hired a commercial driver, and started this service with 7 students of similarly minded parents from the Desert Ridge/Grayhawk areas.

In our 9th year of operations, we transport over 300 students to and from charter and private schools daily.

WHAT WE DO

A School Ride LLC is a licensed and insured transportation solution for students and their busy parents. Convenient pick-up and drop-off locations are close to students' homes and serve a growing student population.

As a true "family owned" operation, we take our children's safety and education seriously—providing safe, reliable and on-time student transportation is what we do.
